a campaign for **HEALTH CARE EXCELLENCE**

The Fraser Valley Health Care Foundation and BC Cancer Foundation gratefully acknowledge the many donors whose contributions to A Campaign for Health Care Excellence have enabled innovative technology and cancer research at the Abbotsford Regional Hospital and Cancer Centre.

Through your generous community spirit, the lives of many patients and their families will be enriched.

The Fraser Valley Health Care Foundation and BC Cancer Foundation extend heartfelt thanks to everyone who supported A Campaign for Health Care Excellence.

A Campaign for Health Care Excellence has raised approximately \$7.2 million in support of innovative technology and cancer research and clinical trials for the new Abbotsford Regional Hospital and Cancer Centre.

We need your help to reach our \$7.5 million target!

John Morrow Photos

Naming & Recognition opportunities are still available within the new hospital.

Consider making a gift in support of health care which may allow us to honour your family, loved one or business by:

- Naming a special area in the hospital after them
- Recognizing them in a patient waiting area, quiet room or multi-purpose educational space
- Recognizing them in a patient room located in a hospital department which holds a significant place in their hearts

As well, a limited number of benches are still available.

Gifts of \$10,000 to the campaign may be recognized on benches located around the perimeter of the new facility as well as in gardens, courtyards and on rooftop terraces.

For more information on how you can make a gift to A Campaign for Health Care Excellence please contact:

Vicki Raw, Executive Director, Fraser Valley Health Care Foundation at 604.814.5195 • Liz Harris, Development Officer, BC Cancer Foundation at 604.851.4736
